

200mm RGB Traffic Signal Light

RGB200-1

photo

general data

type	RGB traffic signal light
light source	LED through hole diodes
quantity of LED	61 (each color)
visual angle (°)	15

electrical data

operating voltage	24VDC
operating current (mA)	300 (max)
light intensity (cd)	400 (min)

mechanical data

housing dimension (mm)	250x250x140
housing material	polycarbonate

ambient conditions

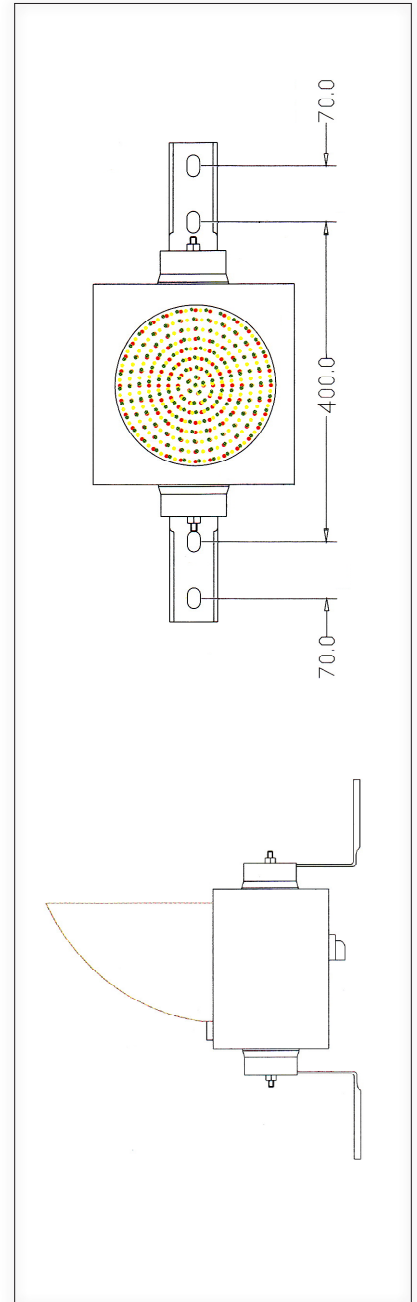

operating temperature	-40...+80 °C
protection class	IP65

additional information

Red, yellow and green light in the same unit.
 Can be mounted in a vertical or horizontal configuration depending on the applicaton.
 High brightness through hole LED diodes.
 Up to 90% energy saving.
 Water and dust resistant.
